

Mulwala Guest House,  
CANBERRA. A.C.T.  
15th January, 1948.

Mr. Edwards,  
Department of the Interior,  
CANBERRA. A.C.T.

Dear Sir:

We the undersigned, of the above Guest House, desire to bring to your notice the fact that although there are at present over one hundred guests here - and we are told there will eventually be three hundred - we as yet have no piano to enable us to have musical social evenings.

We feel that a piano in this particular House is very desirable, as owing to the very inclement weather, lack of roadways and footpaths and handy transport, guests are confined very much to their own particular sections, and as there are now so many guests of different nationalities here who have musical talent, we think it a great pity that because of the lack of a piano, these talents cannot be used to make life more congenial for all concerned, and help the people of the different nations, who are resident here, to get to know each other better in a social and musical manner.
