## Hands on Science

The Questacon Science Centre is one of the most exciting places to visit in Canberra. It's fun for all the family and specialises in exhibits which visitors can come to grips with and use themselves. There are around 100 simple, fun and fascinating things to do.

You can make cubic soap bubbles, have your shadow frozen on a wall, manoeuvre a model satellite into orbit around the earth, create colour pictures in thin air by waving a stick, and with the aid of mirrors, you can try on a friend's hair, nose or even their smile.

## Open to the public

Tuesday to Friday 10.30am to 4.30pm.

In addition the Questacon will be open on the following days from 10.30am to 4.30pm:

<b>March</b>	Sunday 15
