

## Archives ACT Finding Aid

### Index of Applications for the purchase of Government-owned cottages 1950-51

---

#### **Introduction**

This Finding Aid is a listing of the applications for purchase of Government-owned cottages from June 1950 to August 1951. The information is extracted from the file 09/19687 Territory & Municipal Services. Land sales – Events (Land sales) – Applications for purchase of Government owned cottages 1951.

#### **Determination of Sale Price**

By August 1950 approximately 100 applications had been received from tenants to purchase their houses. The issue facing the Department of the Interior was how to arrive at a sale price.

In previous sales, the selling price was determined by taking the cost of improvements, less depreciation and adding an amount at the rate of 6% to cover sale costs and commission. Up to May 1950, the procedure had been based on 1939 values. The average for a standard brick dwelling at 1939 value was £96 per square and by May 1950 the increase on that figure was estimated to be 130% plus architect's fees, building fees, fencing, etc. bringing it to £235 per square. Deducting depreciation, obsolescence, repairs and faulty construction (if any) brought it down to £194 per square.

However, this figure did not take into account any special value pertaining to preferred inner suburb residential areas. The Assistant Secretary, Housing and Accommodation Branch suggested that the unimproved capital value of the land would provide an equitable basis for determining premiums to be added to the valuations of houses for sale. He continued to suggest that a sliding scale based on the unimproved capital value would add this special value. The Minister for the Interior approved this suggestion. The Civic Architect was then directed to use the formulae, as far as applicable, in determining the value of houses to be sold as per the table:

U.C.V	Rate of Premium %	Amount of Premium
£200 and under	Par	Nil
201 – 219	½	£15
220 – 239	1	30
240 – 259	1 ½	45
260 – 279	2	60
280 – 299	2 ½	75
300 – 324	4	120
325 – 349	5	150
350 – 374	7 ½	225
375 – 399	10	300
400 – 450	12 ½	375
450 and over	15	450

### House Types

The explanation of the different types of house plan is below:

- A – Z = National Capital Planning and Development Committee (1938-1959) designs
- AC – F2 = Federal Capital Commission designs for public housing
- 1-99 Works and Services Branch (1932-1938)
- 100 – 300 = National Capital Planning and Development Committee (1938-1959) designs
- FCC 1-26 = Federal Capital Commission (1925-29)
- W & R D1-2 = Department of Works & Railways (1921-1932)
- Ex Tocumwal = houses that were moved from the Tocumwal air force base in New South Wales to the Australian Capital Territory

FCC 25 and 26 were weatherboard and meant for rental only. W & R D1 and D2 were one-bedroom.
