Rural and Suburban District Codes

Introduction

This index lists the district codes for the Australian Capital Territory that were used in 1974 as well as those in current use. The 1974 district codes were found in the file **LP/115 – Land Policy – Computer Print-Outs – Recording of Residential Property Sales On.**

It should be noted that many of the rural district codes have been changed since 1974 so these earlier numbers will appear in older documents.
